🌐 <https://www.linkedin.com/in/muhammed-muzzammil>

A Full Stack Web Developer and Cybersecurity Analyst-in-training with a strong passion for building responsive and user-friendly solutions that make a real impact. I work with modern web technologies like Python, Django, HTML, CSS and JavaScript to bring ideas to life on the web.

What sets me apart is my ability to learn quickly, solve problems creatively and adapt to new challenges, whether I'm developing a secure web app or supporting a digital content strategy.

With experience in social media management and content creation, I understand how to build platforms that are not just functional, but also engaging and aligned with what users need.

I'm driven by the goal of helping companies grow through smart, secure and user-focused digital solutions.

Work Experience

Upwork - Remote, Nigeria

Jan 2022 – Mar 2025

Full Stack Web Developer

- As a freelance Full Stack Web Developer at Upwork, I built and deployed responsive and user friendly websites from scratch.
- On the front end, I worked with HTML, CSS, Bootstrap and JavaScript to create a clean and intuitive user interface.
- On the back end, I used Python, Django and PostgreSQL to handle the logic and database integration.

Udemy [Bluelime Learning Solutions] - Remote, Nigeria

Jun 2023 – Sep 2023

Junior Full Stack Developer (Internship/Project-Based)

In my role as a Junior Full Stack Developer at Bluelime Learning Solutions, Udemy, I successfully completed and deployed a blog application and e-commerce demo site, showcasing full-stack capability from concept to deployment. Key responsibilities include;

- Developed and deployed full-stack web applications using Python (Django) for backend and HTML, CSS and JavaScript for frontend.
- Created responsive, user-friendly interfaces and implemented RESTful APIs for dynamic data handling.
- Collaborated in a virtual team setting, using Git/GitHub for version control and code reviews

Tech Lead – Student Project Collaboration – Abuja, Nigeria

Sep 2023 – Dec 2023

Departmental Capstone / Collaborative Web Project

The platform was recognized by the department and is under consideration for future internal use as a student knowledge hub. Key achievements include;

- Led a 4-member student team to build a university resource-sharing platform for students to exchange academic materials.
- Designed the backend architecture with Django and implemented role-based access control for user security.
- Developed key frontend components using Bootstrap, JavaScript and Jinja2 templates.
- Coordinated code integration and resolved Git conflicts during team sprints, maintaining clean and documented code

STEMBridge Tutors – Remote, Canada Jan 2024 – Sep 2024

Online STEM Tutor

Tutored over 80 high school and early college students in the following subject areas;

- Python,
- Programming,
- Mathematics,
- Computer Science fundamentals.

Upwork – Remote, Nigeria

Nov 2024 – Mar 2025

Content Writer

Key achievements;

- Created clear, engaging and SEO-friendly written content, tailored to digital audience.
- I have written blog posts, educational articles and social media content across all various niche.
- With strong research skills and a sharp eye for detail, I ensured that every piece met content goals and maintained a consistent tone.

Education

University of Abuja - Abuja, Nigeria

B.Sc. Computer Science – Nov 2022 - Present

Activities and Societies:

- **Course Representative** – Represented student interests in departmental meetings, coordinated communication between faculty and students.
- **Tech Club Member** – Participated in hackathons, coding boot camps and weekly peer coding sessions.
- **Cybersecurity Interest Group** – Attended workshops and CTF (Capture the Flag) events focused on ethical hacking and digital security.
- **Peer Tutor / Academic Support Group** – Volunteered to tutor classmates in programming, math and computer science fundamentals
- **Public Speaking & Debate Club** – Enhanced communication skills through regular presentations and campus debates.
- **Social Media & Content Team** – Helped manage digital outreach and event promotion for tech and student organizations.
